

# Coming in 2023!

TV Weekly is expanding to include 24 hours of daily TV listings, and two complete weeks of programming.

Look for your bigger and better TV Weekly starting in January.

Dear Reader,

As we celebrate the new year, we want to take a moment to thank you for being a valued part of our *TV Weekly* family and wish you good health and happiness for 2023 and beyond.

The new year also marks an opportunity for us to improve your magazine and address some of the escalating delivery and paper price increases we've been absorbing for the past 18 months without raising your rates. Updating the delivery of the magazine to be biweekly (every other week) helps with these rising costs. This change will also allow you to plan what to watch up to 14 days in advance. At 88 pages, *TV Weekly* is bigger and better and remains the Nation's #1 TV listings magazine!

Much of the feedback we received in response to our annual reader surveys requested 24-hour TV program listings. So now we've added 24-hour listings! We've expanded the movie section so you can find movies airing on your favorite networks at any time of the day. Plus, there's plenty of fun blended throughout the magazine, with crossword puzzles, word finds, Sudokus, entertainment columns, streaming and more.

We know change can be difficult for some and we believe it's always helpful to understand why changes are made, and we hope this note helps do that. Thank you in advance as we transition *TV Weekly* to be a more resourceful, more entertaining publication for you.

Your friends at TV Weekly magazine

No matter what your plans are for the new year — big parties, dinner out or just cozying up on the couch — you know you can count on one constant, and that is the tradition of live TV to ring in the new year. Here we break down the holiday week with the top highlights leading up to the end of the year. On behalf of all of us at TV Weekly, we wish you the happiest of holidays and blessings for 2023.

Starting in primetime and continuing into early the next morning, TCM is airing what has become a traditional New Year's Eve programming stunt that lets audiences spend New Year's Eve with Nick and Nora Charles (William Powell and Myrna Loy)

— the witty, hard-drinking, fun-loving, high-society couple who often find themselves embroiled in solving mysteries — and their lovable dog Asta for a night of all six of the comedy/mystery *Thin Man* films, beginning with the 1934 original, *The Thin Man*. The marathon also includes *After the Thin Man* (1936), *Another Thin Man* (1939), *Shadow of the Thin Man* (1941), *The Thin Man Goes Home* (1944) and *Song of the Thin Man* (1947).

### Dick Clark's Primetime New Year's Rockin' Eve With Ryan Seacrest 2023 (ABC)

# United in Song 2022: Ringing in the New Year Together (PBS)

Ring in the new year with music that celebrates our nation's diversity — from folk, rock, opera and country to hip-hop, Broadway, bluegrass and beyond. This special performance also reflects on how the arts bring us together as Americans.

### Miley's New Year's Eve Party (NBC)

Miley Cyrus' New Year's party is all about "getting glamorous and dressing your best," the star says. And her cohost and godmother, Dolly Parton, adds, "Well, we do that every day, don't we, Miley?" The duo takes center stage for a special New Year's Eve celebration. They will be joined in Miami by an A-list cast of musicians and celebrities for a rocking, fun night of performances in front of a fabulous live audience.

# New Year's Eve Live: Nashville's Big Bash (CBS, pictured above)

Originating from downtown Nashville across multiple locations, the five-hour, star-studded special will be packed with performances from some of country's best including Brooks & Dunn, Kelsea Ballerini, Little Big Town, Zac Brown Band and others.

# Disney Parks Magical Christmas Day Parade

9 am on ABC

Make sure the presents are unwrapped and things are settling down in time for this new special hosted by Derek Hough, Julianne Hough, Sherry Cola and Marcus Scribner and filmed at both the Walt Disney World resort in Florida and the Disneyland Resort in California. In addition to the parade, there will be musical performances.

# The Wizard of Oz 7 pm on TBS

The memories! The colors! Toto, too! Almost every child knows the story of Dorothy and her faithful dog blown by a twister to the magical land of Oz. Judy Garland gives an iconic performance as Dorothy in this 1939 classic adaptation of L. Frank Baum's book. She and Toto follow the yellow brick road, making friends with an unlikely trio along the way.

# Fantastic Beasts: The Secrets of Dumbledore

7 pm on HBO

Professor Albus Dumbledore (Jude Law) knows the powerful Dark wizard Gellert Grindelwald (Mads Mikkelsen) is moving to seize control of wizarding. Unable to stop him alone, he entrusts Magizoologist Newt Scamander (Eddie Redmayne) to lead an intrepid team of wizards, witches and one brave Muggle baker on a dangerous mission.

# Ziwe 10 pm on SHOW Season Finale

Writer/comedian/host Ziwe Fumudoh explores the commercialization of Juneteenth with Wayne Brady. # **5 QUESTIONS** with

# JAICY ELLIOT

Of ABC's "Grey's Anatomy"

By Zhanna Slor

Jaicy Elliot has gone full circle now that her *Grey's Anatomy* character, Dr. Taryn Helm, works at a bar, following the end of the residency program at Grey Sloan Memorial. Elliot bartended for years while

she was going to college in Paris. In addition to her slightly altered role on *Grey's* (airing Thursdays on ABC starting in February), more recently she has branched out into TV movies, like the Hallmark films *Romance in Style* and *My Southern Family Christmas*. After spending some time gushing over Cédric Klapisch's 2002 French film *The Spanish Apartment* and its two popular sequels (starring French icons Romain Duris and Audrey Tautou, as well as future *Yellowstone* star Kelly Reilly), we eventually got to our "5 Questions."

- You have an interesting background. Can you tell us a bit about where you grew up? I grew up in a hub for nanotechnology in Europe. It's in this town called Grenoble, by the French Alps. French was my first language, but it was instilled very early on in our lives that we had to learn how to speak English and French.
- 2. That explains why you don't have an accent! What sorts of jobs did you have when you first moved to the States? It's a little bit of a cliché, but I was a waitress for a very long time. I will say, altogether, for about 10 years. I also worked as night help for elderly sick people who can't be placed in homes. It was not an easy job, but it was a very gratifying job, because it felt like I was truly helping people.
- Did that help prepare you for playing a doctor on *Grey's Anatomy?* With English being your second language, the medical terminology must have been extra difficult for you. You would think so, but not really. It is still very daunting. I landed in the States maybe two years prior to getting *Grey's Anatomy*. I'd read my script and then for a week I'd repeat this one word over and over and over again, like a mad scientist. It's one of those things that no matter what I do, the minute I'm done with the scene, I forget what the word is. It does not stick in my mind.
- 4. What three movies would you watch over and over? The Holiday. I just like it so much. I love Kate Winslet. The whole California versus England thing is awesome. I've seen that one quite a bit. Also, Being John Malkovich, which just so happens to have Cameron Diaz in it as well. It's such a funky story. Then another one is O Brother, Where Art Thou? We know all the songs by heart in my family, and I love the movie and the Coen brothers.
- Tell us about a time you were starstruck. It's not so much a time, as it's like a couple years of my life when I started *Grey's Anatomy*. I grew up watching it as a kid. It was one of the only shows we had in English. When I started on *Grey's*, I was in a permanent starstruck mood. It was very confusing to be there and be talking to all these iconic people and interacting with these characters. It was hard, I'm not going to lie. But it helped that I also started with a whole class of interns, and so we got to freak out together on the regular outside of work.

# 25th Annual Family Film Awards

7 pm on CW

Family-oriented entertainment is honored in this new special. Hosted by Dean Cain and Laura McKenzie, the awards are presented to both television series and movies. A panel of industry leaders, celebrities and the readers of *Popstar Magazine* have voted for their top choices in 20 different categories.

### The Year: 2022 8 pm on ABC

Robin Roberts anchors this year-in-review special featuring many of ABC's top news anchors, including David Muir, Michael Strahan, George Stephanopoulos, Juju Chang, Linsey Davis, Janai Norman and Ginger Zee. For the 12th consecutive year, ABC News presents its popular news- and entertainment-filled two-hour year-end network special.

### Dolly Parton: Coat of Many Colors

8 pm on NBC

Though she's not actually a star of it, country-music icon Parton is a huge factor of this 2015 TV movie – in the form of her nine-year-old self, portrayed by Alyvia Alyn Lind. Jennifer Nettles and Rick Schroder play Dolly's parents, who were huge influences on her ... as was the coat that gives the movie and Parton's same-named song their title.

# Bake It 'Til You Make It

8 pm on FOOD

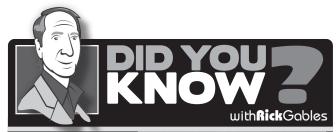

Series Premiere

At the National Capital Area Cake Show, a winter wonderland theme pushes competitors to make their best representations of the holiday season in cake or cookie form. The only thing more colorful than the Santa Claus cookies and polar bear cakes are the people who bake them. Duff Goldman narrates.

One of my very favorite series of movies is the Thin Man franchise, which starred Hollywood's favorite screen couple, Myrna Loy and William Powell pictured, who actually starred in 14 films together. Warm up your DVRs, as Turner Classic Movies will air all six films, in order of release, on New Year's Eve, December 31 starting at 8 PM ET/5 PM PT. Included are Best Picture nominee The Thin Man (1934) After the Thin Man (1936), Another Thin

Man (1939), Shadow of the Thin Man (1941), The Thin Man Goes Home (1944) and Song of the Thin Man (1947). As Ben Mankiewicz of TCM reminds us, yes, these are murder mysteries, but they are also charming comedies, which is why I enjoy periodically viewing them. The other plus is that MGM used this franchise to introduce up and coming stars, some of which went on to have significant cinematic careers. We can't forget the lovable dog, Asta, who had quite the significant movie career, as well.

NBC will debut its new series America's Got Talent: All-Stars on Monday, January 2 at 8 PM ET/PT. This extension of the long running series brings together 60 acts comprised of previous winners, finalists, fan favorites and viral sensations from America's Got Talent and Got Talent franchises around the world. Each week 10 acts, including singers, dancers, ventriloquists, comedians, aerialists, magicians and more, will perform for the judges for the chance to earn one of the coveted five Golden Buzzers and move on to the finals and a chance at the Ultimate All-Star title. Got Talent creator and executive producer Simon Cowell will judge alongside Heidi Klum and Howie Mandel, with Terry Crews serving as the host.

National Geographic and Nat Geo WILD will both debut an all-new season of *Magic of Disney's Animal Kingdom* with back-to-back episodes on Sunday, January 1 starting at 8 PM ET/PT. The new 10-episode season showcases the vast array of animals and the dedicated animal experts on Disney's Science and Environment team. You'll view the miracles and mysteries of Disney's Animal Kingdom Theme Park, Disney's Animal Kingdom Lodge, The Seas with Nemo & Friends at EPCOT and Tri-Circle-D Ranch, which hold more than 300 species and 5,000-plus animals. All episodes will be released on Disney+ on January 4.

# Henry puts Titans on his back for playoff run

It's not an exaggeration to say that as Derrick Henry goes, so go the Tennessee Titans.

Indeed, the big back out of Alabama is that rare combination of size (6 feet 3 inches, 247 pounds) and speed (4.5 in the 40) that coaches dream about and opposing defenses fear. And once again, he's the centerpiece of the Titans' smashmouth style of football, one that has led them to the top of the AFC South standings.

Through 11 games in 2022, the 28-year-old Florida native was second in the league in rushing, posting 1,048 yards on 247 carries with 10 touchdowns. And as a receiver, he's also been effective, hauling down 21 passes for another 278 yards. For those scoring at home, that's a combined 1,324 yards – in 11 games.

But wait, there's more. As a passer, he's completed two of two passes for four yards and a touchdown. An MVP candidate, indeed.

Beyond the numbers, the hulking Henry is the type of runner that gives secondaries fits. When he isn't running away from the fleetest of safeties, he's running over them. An ex-teammate, Philadelphia Eagles' wide receiver A.J. Brown, offered his own opinion on how to bring down Henry – by knocking his stiff arm away and pulling him into an alligator roll.

As the Titans drive for the AFC South title, Henry will become even more critical to the team's postseason aspirations. He's assumed a heavy workload once again, one that hopefully will not have worn him out by the time January rolls around.

Henry and the Titans can be seen in action Thursday, Dec. 29, when they host the Dallas Cowboys in a game streaming on Prime Video. FULL NAME: Derrick

Paramount+'s Criminal Minds: Evolution is as addictive as it was when it reigned on CBS; HBO Max turned teen angst into an honest-to-God horror thrill with Pretty Little Liars: Original Sin; and NBC's time-traveling Quantum Leap (above) jumped back onto our screens with undated originality.

# ANDOR AND Obi-wan Kenobi:

Forces to reckon with! After Disney+'s uneven Book of Boba Fett and long wait for The Mandalorian Season 3, we were happy as Wookiees to see some Star Wars heroes' dark sides.

for being fans. It's one thing for a streamer to save a show from the ax, but shuffling ABC's Dancing With the Stars (below) over to Disney+ and re-nesting NBC's Days of Our Lives at Peacock is just a greedy grab for more money from people who were already watching.

# THE WEEK IN SOAPS

### **THE WORST OF SOAPS 2022**

Soap opera actors, producers, writers, directors and other creative personnel put together hundreds of hours of television a year. The daytime drama genre has produced epic storylines, but not every tale or story beat is a winner. Here's our take on the Worst of Soaps 2022!

### A Tarnished Silver Anniversary:

Rebecca Herbst celebrated 25 years as Elizabeth Webber on *General Hospital* this year. To honor the occasion, the show brought on her long-lost parents, Drs. Jeff and Carolyn Webber, played by *Falcon Crest*'s William Moses and *Star Trek: The Next Generation*'s Denise Crosby. *GH* also finally got around to revealing Liz's odd behavior over the past year and tied it into why her parents had been missing in action.

It turns out that a teenage Liz was responsible for causing her philandering dad's lover, Dr. Reiko Finn (Mele Ihara), to fall down a flight of stairs, which led to an injury that ultimately resulted in her death. Reiko also just happened to be the wife of Liz's current squeeze, Dr. Hamilton Finn (Michael Easton). The resolution left us with more questions than answers. What is Finn's age? (He's too young

to have been a doctor in the mid '90s.) And Liz had had other storylines involving staircases that did not trigger her memory. How come?

Labels Are Us: In case you missed it on *The Bold and the Beautiful*, crafty Sheila Carter (Kimberlin Brown) switched labels on a champagne bottle, making alcoholic Brooke Logan Forrester (Katherine Kelly Lang) think that she was imbibing some nonalcoholic bubbly last New Year's Eve. A tipsy Brooke shared smooches with ex-lover Deacon Sharpe (Sean Kanan), who took advantage of the situation by sleeping over in the same bed with her — granted, it was on top of the covers. Brown should get a Daytime Emmy for all the times she convincingly flashed back or referred to the label switching. The constant repeating of this story beat was monotonous and overkill.

The "Locke-ness" Monster: The Young and the Restless brought on media mogul Ashland Locke (Richard Burgi) in 2021, but the promising character went off the rails in 2022. The show recast the part with Guiding Light mainstay Robert Newman (ex-Joshua Lewis). But no matter who played the role, we were never quite sure whether Ashland was a good guy or a bad guy. Was Ashland really terminally ill? Viewers saw him in distress when he was by himself, but after his sudden death (the show opted to wrap up the character quickly), it came to light that he was lying about his supposed fatal condition. What?

**The End Of Abigail:** Marci Miller opted to exit *Days of Our Lives*, which prompted the show's writers to send her character, Abby Deveraux DiMera, to that great soap in the sky in a murder mystery. Who did it? The predictable Clyde Weston (James Read), who was already a convicted baddie. Let's hope Dr. Rolf (Richard Wharton), the man who helps *Days* characters do the Lazarus bit, works his magic on Abby next!

# best bets THURSDAY

### Popstar's Best of 2022

7 pm on CW

Presented by Associated Television International, host Elizabeth Stanton counts down the greatest and most memorable moments and trends of 2022 based on polls from *Popstar Magazine*. From Justin Bieber's health scares to Pete Davidson's dating life, Harry Styles spitting to Will Smith's Oscar meltdown, 2022 gave us plenty of things to ponder and reexamine.

# **Restaurant: Impossible** 7 pm on FOOD

Season Premiere

Felicia's failing restaurant in Ash Fork, Ariz., has forced her to sacrifice her time with her children. Overwhelmed by guilt, she is ignoring her debt and her deteriorating business. Robert Irving must help Felicia turn her attitude and business strategy around to save the restaurant and her family in the Season 21 premiere.

# **The Great Sinner** 7 pm on TCM

Airing in celebration of "Star of the Month" Ava Gardner's 100th birthday (Dec. 24), Fedja (Gregory Peck) is a writer who goes to Wiesbaden to write about gambling and gamblers, only to ultimately become a compulsive gambler himself. In addition to Gardner, other stars of this 1949 drama include Melvyn Douglas, Walter Huston, Ethel Barrymore and Frank Morgan.

# The King's Man 7 pm on HBO

The third installment in the Kingsman movie franchise and a prequel to the two earlier films, Matthew Vaughn's 2021 spy action comedy underperformed at the box office, mainly due to pandemic-related issues. It still delivers an entertaining yarn about how the Kingsman organization was born during the turmoil of World War I. Ralph Fiennes heads the stellar cast.

# **HOROSCOPES**

By Yasmin Boland

Danny McBride, a Capricorn (born Dec. 29), of "The Righteous Gemstones"

ARIES (March 21 - April 19)
Now that opportunities from
earlier this year are back on the
cosmic menu, you're now ready
to tackle what 2023 brings your
way. While your personal energy
may still be up and down, this
doesn't stop you from thinking
big. Decide what you want and
go and chase it!

TAURUS (April 20 -

May 20) Your patron planet is in the crossfire of some celestial confusion this week. With that in mind, this might prompt you to consider new perspectives. This could be as trivial as some holiday-related travel snafus or as significant as changing your world view. Contemplate your vision for 2023 this week.

**GEMINI** (May 21 - June 20) It's hard to say whether this week will go swimmingly well for you, in a strange kind of way. Or, will it be more confusing and fatiguing than it has been in the recent past? It's hard to say. Keep a low profile, and avoid making any grandiose New Year's resolutions.

CANCER (June 21 - July 22) Remember some of those exciting career of life direction opportunities that arrived midyear? Well, they are back on the table now and you've got some choices to make about 2023. There's no need to rush in just yet. You've got time to think about your grand plans for next year.

**LEO** (July 23 - Aug. 22) Everyone has grand plans and visions about themselves this time of year. Don't get me wrong, it's great to have goals and all – they are important guideposts for success. You'll achieve more in 2023 if you can rethink how your schedule works.

VIRGO (Aug. 23 - Sept. 22) Don't get too cranky if your plans that involve fun, joy and children don't turn out how you expect this week. It's because Mercury moves backward in your happiness zone. With that in mind, take a leaf from Mercury's book. Rethink how you want to experience joy in 2023.

LIBRA (Sept. 23 - Oct. 22) It's all well and good to play nice, in fact, you excel at it. That being said, it's not always in your best interest to choose playing nice over being honest. You may have to confront something you'd rather avoid. Decide on your limits when it comes to compromising.

SCORPIO (Oct. 23 -

Nov. 21) You've spent a while now digging into the depths of your psyche, your fears or the depths of your financial situation. This week will likely ramp up the confusion or bring clarity. It's hard to tell. Remember to reserve the right to change your mind if you feel like it.

**SAGITTARIUS** (Nov. 22 - Dec. 21) There's nothing like this time of year to set some new goals and intentions for the future. Now that Mercury is retrograde in your cash zone, it's perfect timing to rethink how you do money and abundance. Regardless of your money situation, big action is what you need to take.

CAPRICORN (Dec. 22 - Jan. 19) Every now and then, it's important to take a step back and rethink everything. It's a little way off yet, but you're coming to the end of some massive planetary cycles, which you're probably feeling the intensity of. If you're ready for a new chapter, then wish it so.

AQUARIUS (Jan. 20 - Feb. 18) Take a moment this week to pause, breathe in and reflect on the year that's been and the one to come. It's not been an easy road for you, but you're stronger for it. Let your soul rest a little now. There are more challenges ahead.

PISCES (Feb. 19 - March 20) You've been blessed with bounties of opportunity for the better part of the year. Now, your job is to think about all the ways you can solidify these opportunities so they last for the long-term. Your friends and connections hold the keys to 2023 – choose wisely.

### A Soldier's Story

7 pm on TCM

Adapted from Charles Fuller's play, director Norman Jewison's engrossing 1984 drama stars Howard E. Rollins Jr. as a World War II military captain assigned to investigate the killing of a tough master sergeant (Adolph Caesar) at an all-Black Louisiana military outpost. The captain grills each suspect about encounters with the murder victim. Denzel Washington co-stars.

# **The Mule** 7 pm on MAX

Clint Eastwood produced, directed and stars in this 2018 crime drama, which screenwriter Nick Schenk adapted from a New York Times article. Eastwood cast himself as Earl Stone, an 80-something Korean War veteran in dire financial straits, so he accepts an offer from an acquaintance to become a cocaine courier – the "mule" of the title – for a Mexican drug cartel.

### **13 Minutes**

7:30 pm on SHOW

This 2021 thriller is set in a small Oklahoma town directly in the path of an oncoming monster tornado. The killer storm itself gets short shrift (the film's title refers to the desperately short time the characters have to make it to safety in a local shelter). Instead, the first hour of the story deals with a laundry list of social issues in the doomed town. Trace Adkins and Thora Birch star.

### Guy's Hometown

**8 pm, 11 pm on FOOD**Guy returns to Ferndale, Ca-

Guy returns to Ferndale, Calif. – the small town where he grew up – for food, fun and a trip down memory lane. At the Humboldt County Fair, teams go head-to-head in a chili cookoff; there's unexpected eats like deep fried burgers and monster pulled-pork; and Guy gives back to first responders and veterans with a big-time barbecue.

# **ASK MATT**

@TVG/M/MattRoush

**Question:** I watched Yellowstone from beginning to end. I liked it for the plot line, characters, and scenery, but found fault with the scriptwriter, who has a problem with the English language. Seems he has to use the "f"-word in each and every sentence whether it is called for or not. How does the excessive use of the word enhance the story? As that's the case, I'm not watching the new season. Has anyone else complained? -Barbara Z

Matt Roush: Frequently, though not as much recently (in my mailbag, anyway). Considering the blockbuster ratings for the current season, it appears most of the show's fans have been able to get past this issue, although I've also noticed this season that they're only dropping the f-bomb a few times per scene (if then), instead of a few times every minute. (The bunkhouse excepted, as usual.) Maybe Taylor Sheridan, the show's creator and writer, is mellowing a bit - with language, that is, because that bloody catfight episode between Beth and Summer was beyond brutal. His shows are rated MA (mature audiences only) for a reason, but even so, strategic use of profanity is often much more effective than its overuse. Even in Montana. (And I'm not about to miss Harrison Ford and Helen Mirren in the upcoming 1923 spinoff [the first episode premiered December 18], regardless of how roughly they talk.)
