

Before his 2023 exit, *Late Late Show* host James Corden is heading home to the U.K. for four shows from London's Freemasons' Hall. During his London-based episodes (airing Monday through Thursday this week on CBS), Corden will share highlights of his homeland, and the show's signature musical and comedy segments will get a British makeover. It's his fourth trip back to the land of Dickens, and based on past stays, we have great expectations. So please, James, may we have some more ... great moments like these?

**TAKE A BREAK: HARRODS (2017)** In this Brit edition of the popular *Late Late Show* bit, Corden took shifts at the world-famous department store, where he made a mess at the candy counter and terrorized tots as a "toy concierge."

## CROSSWALK THE MUSICAL: ANDREW LLOYD WEBBER CLASSICS (2018) At the

intersection of insane and inspired, Corden mounted a traffic-stopping 70th birthday tribute to Andrew Lloyd Webber with songs from the stage

legend's hits, like Cats, Evita and Phantom of the Opera (with surprise guest Josh Gad).

#### **CARPOOL KARAOKE WITH PAUL**

**McCARTNEY (2018)** Baby, you can drive my car – but you cannot beat this ride around Liverpool with the music icon. The extra-long segment is loaded with Beatles tunes, visits with gobsmacked locals and beautiful recollections of how some of the band's greatest hits came to be.

#### THE DARK PHOENIX STAR TOUR (2019)

James McAvoy, Michael Fassbender, Sophie Turner and the rest of the *X-Men* film's cast boarded a classic red double-decker bus for a hilarious – and factually inaccurate – drive-by of the city's least iconic sites. With ice cream and games!

#### THE GREATEST GYLLENHAAL OF ALL (2019)

After Corden accidentally misidentified London's Central Hall as "Gyllenhaal" during a segment, Jake Gyllenhaal crashed the show for an overwrought duet parodying Whitney Houston's "The Greatest Love of All."

## **WESTWORLD RETURNS FOR SEASON 4**

"This is the new world," jaded android Maeve (Thandiwe Newton) said to disillusioned mortal ally Caleb (Aaron Paul) in the dark sci-fi drama's gruesome 2020 Season 3 finale. They, along with wily robot Dolores (Evan Rachel Wood), had freed humans from the mind control of a massive Al entity. But Dolores died in the fight, and the unchained masses were torching skyscrapers.

The Season 4 opener (Sunday on HBO) picks up seven years later. "Some things are very, very, very different. Some things have stayed the same," says executive producer Lisa Joy. Civilization still exists, as do Westworld-style theme parks where robot hosts entertain guests, as Maeve and Dolores did before they gained sentience and escaped. New "worlds" re-create eras of "decadence and sin – so much of human nature is revealed in those times," Joy adds.

In an eerie twist, Wood is back but as a new character, Christina. "She's a young lady living in a familiar [big] city, going through the relatable emotions of a 20-something trying to make it," Joy teases. She has a good friend, played by a new recurring cast member, *West Side Story* Oscar winner Ariana DeBose.

Android Charlotte Hale (Tessa Thompson) – last spotted overseeing a facility that was producing an army of hosts – could be a threat to any peace, though. And one of those hosts, a robot replica of William/ The Man in Black (Ed Harris), killed his human doppelgänger. Is he really dead? Joy plays coy. "Ed Harris is back and looking as dangerous and dark as ever," she says. "We'll see what secrets we learn about him." – *Kate Hahn*

## 5 QUESTIONS with ...

CATHERINE
BELL By Jacqueline Cutler

Catherine Bell is a familiar face to many with her long-running starring roles on shows like *JAG*, where she played Sarah MacKenzie for nine seasons, *Army Wives*, where she played Denise Sherwood for seven seasons, and *Good Witch*, where she played Cassie Nightingale for seven seasons and in seven movies.

Bell's latest project has her starring in the Lifetime original movie *Jailbreak Lovers* (airing

Saturday) as Toby, a good woman but a lousy criminal. As the title of this based-on-a-true-story tale implies, she's involved in a jailbreak. Toby is a sweet wife and mom who's led a sheltered life and finds solace in dogs. She starts a program at a prison where inmates train abandoned dogs until they can be adopted. But when a convict lavishes attention on her, Toby falls for him.

Speaking from her sunny home in Florida, Bell answered our "5 Questions."

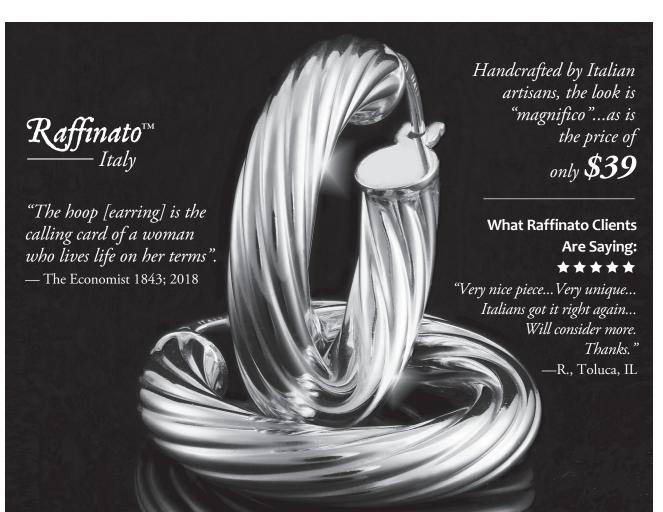

- Tell us about a time when you were starstruck. I was new on JAG, which was my first big show, and I was at a CBS event with a bunch of celebrities. And there's Tom Selleck. I grew up on Magnum, P.I. He came over, we were at a food table, and he started talking to me. Don Bellisario created JAG and Magnum, and I introduced myself like [Selleck] would never in a million years know who I am. And he was like, "Oh, I know who you are, girl." And he gave me a hug. I was like, "Oh my God, Tom Selleck knows who I am!"
- 2. If you were not an actor, what would you be doing? I would probably be a fine artist. It's what I originally wanted to do, but my mom wanted me to get a more traditional education. So I went to UCLA and did that for a little while. I love to paint and draw. My daughter is graduating high school now, and she's going to a fine arts school.
- What other jobs have you held? I modeled for a couple of years. I didn't love it. It was just so much attention on your body and your weight and whether your face was too wide or not wide enough. Oh my gosh, I couldn't do it. I did not waitress for long. I was fired. Shortly after that, I became a massage therapist.
- Have you ever had a ghostly experience? Yes, it was subtle. I lived in Charleston, South Carolina, for seven years when we were filming *Army Wives*. And Charleston is considered the most haunted city in the U.S. I lived in a beautiful old home on The Battery, and this general built these three townhomes side by side. I had my office in the attic. I didn't always love to be up there because something just felt not right. I don't know what it was. It was beautiful, light and airy, and it should have been lovely. I had just made it my office and had my desk up there, and I don't know how to describe it, but I just didn't feel like I was alone. I packed up my stuff, and I left the attic, and I don't think I ever went back.
- If you could have a dinner party with anyone, who's there?

  Nelson Mandela, Desmond Tutu, and we could have the Dalai

  Lama.

# A True American Classic! Get Morgan Silver Dollars by the Pound!

It's been more than 100 years since the last Morgan Silver Dollar was struck for circulation. The most revered, most-collected vintage U.S. Silver Dollars ever, the Morgan had a well-earned reputation as the coin that helped build the Wild West. Cowboys, ranchers, outlaws...they all preferred "hard currency" Morgan Silver Dollars in their saddle bags, to flimsy paper money favored by Easterners at the time.

These 90% Silver Dollars were minted from 1878 to 1904, then again in 1921. They came to be known by the name of their designer, George T. Morgan, and they were also nicknamed "cartwheels" because of their large weight and size.

#### Fewer Than 15% of Morgans Still Exist

Sadly, coin experts estimate that fewer than 15% of all Morgan Silver Dollars ever minted still exist today, due to the ravages of time and to U.S. government legislation that authorized the melting of hundreds of millions of Morgan Silver Dollars for their fine silver.

Our buyers are constantly on the lookout for Morgans and we've assembled a limited supply of these desirable Silver Dollars. Which is how we're able to give you the opportunity to add them to your collection...by the pound!

#### Get Morgan Silver Dollars by the Pound!

PBS will premiere the new five-part documentary series, **The Green Planet**, starting Wednesday, July 6 at 8 PM ET (Check your local listings). Hosted by Sir David Attenborough, the series uses the latest technology to reveal the secret world of plants. Sir David travels the globe, from deserts to mountains, from rainforests to the frozen north, to present a fresh understanding of how plants live their lives. He meets trees that care for each other, plants that hunt animals and plants that breed so fast they could cover the planet in a matter of months. In the premiere episode, "Tropical Worlds," more kinds of plants are crammed together in the tropical rainforests than anywhere else on earth. The result is astonishing beauty and intense competition. From fast-growing trees to flowers that mimic dead animals, from life and death battles to reach the light to the secret behind every raindrop, we take a journey into a magical world that operates on a different timescale to our own.

Lifetime premieres the prequel limited series Flowers in the Attic: The Origin beginning Saturday, July 9 at 8 PM ET/PT. The four-part series stars Jemima Rooper and Max Irons. The star-studded cast also includes Kelsey Grammer, Harry Hamlin, Paul Wesley, Kate Mulgrew, Alana Boden, Hannah Dodd, T'Shan Williams, Callum Kerr, Luke Fetherston and Buck Braithwaite. This prequel to author V.C. Andrews' original pop-culture sensation, peels back the curtain to reveal the twisted origin and dark secrets of the Foxworth family, telling the story of the headstrong Olivia Winfield who is working alongside her beloved father, Mr. Winfield, when she finds herself unexpectedly wooed by one of the most eligible bachelors, Malcolm Foxworth. After a whirlwind romance, Olivia soon discovers that the fairytale life she expected has quickly become a nightmare.

Comedian Janelle James will host the new, physical comedy competition series, *The Final Straw*, premiering Sunday, July 10 at 9 PM ET/PT on **ABC**. The stakes are high as four teams face off to combat tremendous tipping towers. Each life-sized themed tower is chock full of various objects as contestants try to successfully pull items from the stack without tipping it over. The last team standing will compete against The Mega Stack, in hopes of winning a grand prize of up to \$250,000.

## best bets TUESDAY

#### Superman & Lois

8 pm on CW

#### Season Finale

Director Gregory Smith helms the Season 2 finale, Waiting for Superman, which finds newswoman Chrissy Beppo (Sofia Hasmik) delivering a stark alert to the residents of Smallville: Not only is Ally Alston's (Rya Kihlstedt) deranged plan to merge Earth with its Bizarro twin real, it's already in progress. Tyler Hoechlin also stars.

## The Real Housewives of Miami

8 pm on BRAVO

In the first of a new two-part Season 4 reunion special, the ladies get back together to discuss what happened during and after the season. Larsa gets grilled about her looks and provocative OnlyFans page, while Julia reveals shocking details surrounding the death of her son. The conclusion immediately follows.

#### **Tom Swift**

9 pm on CW

While he's hosting a tech event at Swift Enterprises, Tom (Tian Richards) embarks on a daring gambit to stop a security breach in this new episode. His success depends on whether he can get close to the enigmatic Rowan (Albert Mwangi), whose unmistakable chemistry with Tom makes it impossible for Tom to tell whether this guy is an adversary or a guardian angel.

#### Chopped

9 pm, 12 am on FOOD

In tonight's tournament finale, the four champions from previous episodes return to prove which of them deserves to become a sous-chef for one of the *Chopped* judges. As the rivalry opens, the appetizer basket reveals a fusion pasta and a delicacy from the sea. Maneet Chauhan, Scott Conant and Chris Santos are the judges; Ted Allen is the host.

#### **MasterChef**

8 pm on FOX

The top 18 all-stars travel to the U.S. Coast Guard base in Los Angeles for their first team challenge in this new episode. Upon arrival, the chefs are tasked with collaborating with their teammates to create a hearty and delicious meal for more than 100 Coast Guard members. Gordon Ramsay, Aarón Sánchez and Joe Bastianich are the judges.

#### **The Flash**

8 pm on CW

#### Season Finale

In the Season 8 finale Negative, Part Two, The Flash (Grant Gustin) is still reeling and utterly exhausted from recent events, but the rest of his team rallies to support the scarlet speedster just when he needs their help most. The series also stars Jesse L. Martin, Candice Patton, Danielle Panabaker and Kayla Compton.

## best bets **WEDNESDAY**

#### Right to Offend: The Black Comedy Revolution

9 pm on A&E

#### Series Premiere

Comic Kevin Hart is an executive producer on this new documentary that charts the progression of Black comedy, starting with the pioneers of that scene who used sharply pointed humor to expose, challenge and ridicule social injustices.

#### **Planet California**

10 pm on PBS

#### Series Finale

This beautifully filmed documentary concludes with a new episode called *Close Encounters*. For many people, mention this state and they immediately think of Hollywood, the movie capital. As this episode clearly demonstrates, though, it's California's critters that are truly ready for their closeup.

## Wimbledon's grass surface a tricky proposition for Iga Swiatek

Once considered a clay court specialist, Iga Swiatek will be the first to admit that grass is a tricky surface for her. So she says she's viewing her participation in this year's Wimbledon Championships with "no expectations."

Indeed, the World No. 1 and reigning French Open champ's serve-and-volley game is better suited to clay, which produces bigger bounces and thus allows the 21-year-old Pole to be aggressive and charge the net. But on grassy courts of venues such as the All England Club, where balls tend to skid? Not so much.

So it's no surprise that her best showing at Wimbledon was last year's fourth round exit. Her only other singles appearance there yielded a first round elimination in 2019.

But she does have recent history on her side. With her straight-sets victory over Coco Gauff in the French Open final earlier this month, Swiatek won her 35th consecutive match (none on grass), tying her with Venus Williams for the longest such streak in the 21st century. It also marked her second singles title at Roland Garros.

She's also had success at Wimbledon prior to her entry into the WTA, taking the junior singles title there in 2018. And in the weeks leading up to this year's tournament, she's been doing a lot practicing on grass.

Whatever her history, she comes into the year's third Grand Slam tournament as the overwhelming favorite in a field with top-ranked players such as Anett Kontaveit, Paula Badosa, Ons Jabeur, Maria Sakkari and Karolina Pliskova.

The 2022 Wimbledon Championship get underway Monday, June 27, and air for the next two weeks on ESPN, ABC and ESPN2.

for his jaw-dropping tour of duty on The Boys. As the radioactive and really chauvinistic Soldier Boy, the former Dean Winchester has pulled off a wickedly entertaining transition from Supernatural to corrupt superhero on Prime Video's acidic superhero satire that proves he can play as evil as some of the monsters he used to hunt with Jared Padalecki.

for keeping the lights on at What We Do in the Shadows. Ahead of its fourth season premiere on July 12th, the bitingly sharp vampire comedy you should be addicted to was renewed for two more years, giving idiot immortals Nandor (Kayvan Novak), Nadja (Natasia Demetriou) and Laszlo (Matt Berry) even more time to make life an unliving hell for poor Guillermo (Harvey Guillén).

Jettisoned by Fox after two seasons and then saved by Hulu, fans waited three years for the return of Seth MacFarlane's sci-fi dramedy, only to be rewarded with a joyless season-opening bummer involving a suicide attempt by the ship's resident robot Isaac (Mark Jackson). That just does not compute.

## THE WEEK IN SOAPS

## Is It Time For Soaps To Retire "Back From The Dead" Storylines?

Abigail Deveraux DiMera (Marci Miller) is the latest character on

soaps to meet her maker. The *Days of Our Lives* character was killed off earlier this month. But is she really gone? Soaps regularly resurrect fan favorites after they presumably die.

While some shows have mad scientists to help facilitate returns (paging Days' Dr. Rolf), other soaps have a more grounded reality – therefore, resurrections are more of a stretch. Diane Jenkins (at the time played by Maura West; Susan Walters is currently reprising the role) died onscreen on The Young and the Restless in 2011. We saw her corpse! But when the show wanted Diane to pop back up to wreak havoc again, the writers decided that Diane had appropriated a (convenient lookalike) corpse to fool folks into thinking she'd been killed.

viewership and drives story," says daytime TV talent manager Michael Bruno, whose clients include Wally Kurth (Ned, *General Hospital*; Justin, *Days*) and Martha Madison (Belle, *Days*). "So, do you kill off characters or have them leave town, which is not dramatic or eventful?

"For actors who are stars and 'draws' for that show, and they decide to leave of their own accord, the powers that be are always hoping that someday, sometimes sooner than later, they will want to return," Bruno points out.

He also notes that when a body isn't found, a door is definitely left open. "I can think of only one case in the last decade in which a show wanted the audience to know that a character was really dead and, therefore, would never come back," the talent manager shares, referring to the onscreen death of Julian Jerome (William deVry), whose body was recovered after a fatal showdown with Sonny Corinthos (Maurice Benard) on *GH*.

Soaps will likely always employ this device as it continues to work for them – and for fans eager not to lose beloved characters they've come to think of as cherished friends. Sometimes, fans don't have to wait long for favorites to return.

In April, *The Bold and the Beautiful's Dr. John "Finn" Finnegan* (Tanner Novlan) met his maker at the hands of his own psychotic birth mother, Sheila Carter (Kimberlin Brown), after she shot him. Or so it appeared. Less than a month later, fans learned Finn's adoptive mother, Dr. Li Finnegan (Naomi Matsuda), had whisked her comatose son away to safety. "Brad [Bell, executive producer/head writer] saw the chemistry between Finn and Steffy [Jacqueline MacInnes Wood]," Bruno says. "I believe he had planned the story all along for him to come back."

## Restaurant: Impossible

8 pm on FOOD

Host Robert Irvine travels to Abilene, Texas, where George and Taylor, the co-owners of Texas Cowboy BBQ, are feeling desperate. Things are not going well for the couple, whose eatery and marriage are both on the rocks after a serious downturn in business. Taylor wants to be a bigger part of the restaurant, but George is closed off and reluctant to accept help from anyone.

#### **Alone**

9 pm on HISTORY

As the survivalists near the 30-day mark in their experience, the lack of food feeds their gnawing desire to abandon Labrador and return to their homes in the new episode *The Weasel*. Their daily routine becomes one focused almost entirely on finding something to eat, while one participant finds a creative means of self-preservation.

#### Me or the Menu

10 pm on FOOD

Series Premiere

This new docuseries follows four restaurateurs who are striving to beat the odds both in terms of personal relationships and the unforgiving restaurant business. Roughly 60 percent of restaurants fail, and half of all marriages end in divorce. The featured restaurateurs in this series are risking it all by opening a restaurant with their significant other.

#### Fright Club

10 pm on TRAVEL

Season Premiere

This spooky but often amusing series, in which host Jack Osbourne and the Ghost Brothers team up to get the facts behind the craziest paranormal clips out there, returns for its sophomore season. As the series resumes, Osbourne and his Ghost Brothers cohorts acquire some cursed artifacts. Howie Mandel is a special guest.

## **HOROSCOPES** By Yasmin Boland

ARIES (March 21 - April 19) This week marks the start of a new cycle in your personal life, and that's a beautiful thing. But the astro-fact of the matter is that your biggest challenge is not just about your personal or family life. Rather it's about controlling your temper, at home, work and everywhere else.

TAURUS (April 20 - May 20) The most important thing this week is to think about your mental health. It could be an excellent time where you feel good about yourself, and this energetically translates into attracting more abundance in your life. Or you could drive yourself crazy with the wheels of your mind.

GEMINI (May 21 - June 20) There is love and abundance, good luck and good times in your horoscope. However, the skies are a mixed bag overall, and you could derail everything if you spend too much time in the company of someone you know has been sent to test your nerves! Avoid drama kings/queens.

CANCER (June 21 - July 22) On the one hand, the new moon this week is in your sign which is totally awesome, especially as it's supported by a link between Venus and Jupiter, the love and abundance planets. However, there is also an almighty clash happening. If you're working on being less over-reactive, work harder now!

**LEO** (July 23 - Aug. 22) As much as you might be wishing you could escape from it all, the skies have different plans for you. Face your responsibilities for a little while longer. There's not really any getting around it - although a little bit of meditation and contemplation will make life easier.

VIRGO (Aug. 23 - Sept. 22) The best thing that you can do for yourself right now is decide what you want and commit yourself to it. Take inspired action. The worst thing you can do right now is kid

yourself or anyone else about how you feel. Be completely honest with yourself for best results.

LIBRA (Sept. 23 - Oct. 22) On the one hand, you have excellent stars this week for your professional life. Forge ahead - you might even get a pay raise. On the other hand, you need to tread very carefully in all your most important one-on-one partnerships/ relationships or you might find yourself putting one in jeopardy!

**SCORPIO** (Oct. 23 - Nov. 21) The skies are intense this week. If you want to circumnavigate these energies in the best way possible, your ideal path is to focus on your daily working routines. Think about how you can tweak your life so that you make the money that you want/need to feel abundant.

SAGITTARIUS (Nov. 22 -Dec. 21) You're not known for your anger issues. In fact, most Sagittarians are the life of every party. Be careful this week though. There's a nasty clash between Mars and Pluto which could see you ruining your own good time. Get it right this week, and love is all around!

CAPRICORN (Dec. 22 -Jan. 19) The new moon this week is taking place in your love zone. That is very encouraging regarding your most important one-onone relationships, personally and professionally. However, you have to make sure you don't lose your temper with the wrong person and end up seriously regretting it. Breathe!

AQUARIUS (Jan. 20 -

Feb. 18) Let's hope that the pressure isn't getting to you. The skies are pretty intense this week and the way they're aligning, you could end up saying far more than you meant to and perhaps even alienate someone you care about with your harsh words. You've been warned! Don't let it happen.

PISCES (Feb. 19 - March 20) This week could bring up issues connected to money and self esteem. If you're struggling with either, go easy. Arguments about cash are some of the hardest to resolve. The best way to deal with any upsets now, is to think about what you really value and act based on that.

### **Dynasty**

9 pm on CW

Fallon and Blake (Elizabeth Gillies, Grant Show) come up with a scheme to defeat his brother Ben (guest star Brett Tucker), but Cristal (Daniela Alonso) strongly advises them against it in the new episode *My Family, My Blood.* Elsewhere, Dominique (Michael Michele) does all she can to stay out of this latest drama, although Ben seems determined to drag her into it.

### **Ghost Adventures**

9 pm on TRAVEL

In a new episode with the creepy title *Trapped With the Dead*, Zak Bagans, Nick Groff and Aaron Goodwin investigate a hotbed of paranormal activity at a Wild West-era hotel in New Mexico. # **ASK MATT**

### WHAT DO YOU THINK OF AN OZARK SEQUEL?

@TVGMMattRoush

**Question:** Doesn't the ending of *Ozark* just scream for a sequel? They can fast-forward a few years and use different actors to play the Byrdes if the other actors choose not to return. (Also, Felix Solis, *Ozark*'s drug lord Navarro, played an FBI agent on *The Rookie*'s finale!) – *JV* 

Matt Roush: There has already been vague chatter in some corners about a continuation or sequel, but should it happen (and I wouldn't be surprised), it would likely be something more akin to the way Fargo reinvents itself season to season. A new version of Ozark could live in the same general geographical and tonal world the Byrdes inhabit, but with Marty and Wendy's storyline having ended with the triumph of evil, I'd expect the show to move on to new horizons, perhaps making reference to the Byrde Foundation along the way while finding new heroes and antiheroes to follow in future seasons.

**Question:** Any news on a *Raised by Wolves* renewal? –*M* 

Matt Roush: Sorry to say, HBO Max announced that this fascinatingly bizarre sci-fi series won't be back for a third season. There's the usual talk about trying to shop it elsewhere, but this dense and metaphysical mindblower will likely be a tough sell. Still, I'd follow it (and Mother) anywhere.
